A motion was made to seat the incumbent officers and seconded. The members unanimously approved keeping the same officers.

Ed gave a lengthy, but informative, account of the state of the ATA. Of note, the ATA has a contract to hold the Grand American in Sparta, Illinois until 2026. If Sparta revokes the contract at any time, Plan B is to go back to Missouri. Ed also gave an update on the status of the Hall of Fame and steps

that are being taken to return the HOF back to the shooters. Ed then recognized the Utah shooters who made the All American team.

Awards were then presented to shooters who made the 2022 Utah State Team. Chris also recognized high average shooters in each category for the state with a minimum of 2,000 targets. He reiterated what a commitment it is to make the state team and thanked everyone who made the team for their perseverance.

Chris addressed the shooters with the fact that the state shoot is a rotational event. Right now there are only two clubs in the state who qualify to hold the shoot. If another club does the work necessary to meet the requirements it will also be included in the rotation.

Byron gave a heartfelt thank you to the officers, Vernal Gun Club, and all the shooters who came to the state shoot and supported Vernal.

The meeting was adjourned.
